***Response to Amendment***

The following is in response to the amendment filed on August 8, 2007.

***Allowable Subject Matter***

Claims 13-20 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 13-18 are allowed, because the prior art does not disclose or suggest a multi-nip calender having a pocket between nips formed by a fiber web, wherein a roll means for damping a portion of the web is disposed in the pocket, the roll means having first and second guide rolls and having a damping unit arranged to spray water between the first and second guide rolls.

Claims 19-20 are allowed, because the prior art does not disclose or suggest a moistening arrangement for a multi-nip calender which is capable of replacing an output roll, the moistening arrangement comprising first and second rolls and a damping unit having a frontal face arranged to spray water between the first and second rolls.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
